

Course Content

The Year 10 course will cover the topics of hobbies and three meals a day, vegetables and fruits.

Listening - Students will be assessed on their comprehension of a presentation, as well as listening to the presentation and giving their feedback.

Speaking - Students will be able to express their opinion on the topics they will learn this term. They will also be expected to talk in length about their thoughts, and answer questions based on oral presentations.

Reading - Students will read a few articles focusing on the topics and will learn how to read for understanding and identify keywords and information.

Writing- Students will focus on essay structure, as well as sentence starters and connectives.
