

Course Content

Year 7 students will learn topics including basic conversation about family members, work, and grades. In addition to learning materials from the textbook, students will complete one project throughout the term.

Listening – Students will understand a range of familiar spoken phrases, and understand speech spoken clearly either face to face, or from a good-quality recording.

Speaking - Students will answer simple questions and give basic information while using set phrases in their speech.

Reading - Students will know and read simple characters.

Writing- Students will be able to know Pinyin and write it correctly.
